

# THERMAL WEEDERS FOR TRACTOR HERBIOGAZ COUNTRY

**THERMAL WEEDER ADAPTABLE ON MINI-TRACTOR, IDEAL FOR LANDSCAPE GARDENERS, HORTICULTURISTS, LOCAL COMMUNITIES... ENVIRONMENT FRIENDLY**

**Adaptable on mini-tractor:** 3 point linkage N° 0.

**Eliminates weeds thanks to a thermal process:** high heat capacity from 800° to 1400° C.

**Environment friendly:** no chemicals, no residue, no remanence

Efficient on park and garden paths, sport grounds, pavements...

**Maximum safety for the user:** perfect quality of the gas travel thanks to the the thermal torque and the flame controlling system

**Electronic starting** of the 5 burners

## TECHNICAL CHARACTERISTICS

Model	HERBIOGAZ COUNTRY HM
Treatment width	1030 mm
Burners	5 + 1 mobile
Power	300 kw + 86 kw
Gas bottle	2 bottles of 13 Kg
Gas type	LPG
Gas consumption	15 kg/h
Linkage	3 point linkage n°0

Starting	Electronic
Dimensions (L x W x H)	1080 x 1800 x 1100 mm
Weight (without bottle)	170 kg

## TIPS AND TRICKS
